

## DRIVING AGREEMENT

### FIELD TRIP/ATHLETIC EVENT

### 2019-20

(Anyone who drives for any type of school event – parents, grandparents, aunts/uncles – must have a completed agreement on file in the school office.)

**All individuals who drive for GC events are expected to abide by the following requests which were compiled jointly by the GC administration, faculty and board.**

1. Each adult is to remember he/she is a representative of both Christ Jesus and GC since it is a GC group being transported.
2. Obey all motor vehicle regulations including speed limits.
3. All vehicles transporting GC students, for field trips or games, must remain together in assigned groups of two or three vehicles. Students are to ride where assigned and may not change vehicles unless permitted to do so by the GC faculty member or Coach in charge.
4. If stops are contemplated along the way for eating or other reasons, then all vehicles must stop. However, the opposite is also true. When the faculty member asks that the group return directly to the GC campus without stopping along the way, you are expected to follow the directions of the GC faculty member or Coach in charge.
5. We require that all occupants wear seat belts; therefore, do not accept more occupants in a vehicle than there are working seat belts.
6. Different families have different convictions concerning videos and music. Please give due courtesy to the standards of other families whose children are riding in your car.
7. Emergency medical forms must be carried by each driver for all students riding in his/her vehicle.
8. Greenville Christian School is responsible for all students from the time they leave until they return to the GC campus or join their parents following an athletic event. When a team/class is functioning as one unit, the teacher or coach is responsible for the team/class. When the team/class separate, each individual driver becomes the one who is responsible - the one in charge.

**We want to express our appreciation by thanking you for your assistance and cooperation in transporting GC students. Please provide the information requested in the blanks below.**
